The Medici: Portraits and Politics 1512–1570 Keith Christiansen 2021-04-19 Between 1512 and 1570, Florence underwent dramatic political transformations. As citizens jockeyed for prominence, portraits became an essential means not only of recording a likeness but also of conveying a sitter's character, social position, and cultural ambitions. This fascinating book explores the ways that painters (including Jacopo Pontormo, Agnolo Bronzino, and Francesco Salviati), sculptors (such as Benvenuto Cellini), and artists in other

media endowed their works with an erudite and self-consciously stylish character that made Florentine portraiture distinctive. The Medici family had ruled Florence without interruption between 1434 and 1494. Following their return to power in 1512, Cosimo I de' Medici, who became the second Duke of Florence in 1537, demonstrated a particularly shrewd ability to wield culture as a political tool in order to transform Florence into a dynastic duchy and give Florentine art the central position it has held ever since. Featuring more than ninety remarkable paintings, sculptures, works on paper, and medals, this volume is written by a team of leading international authors and presents a sweeping, penetrating exploration of a crucial and vibrant period in Italian art.

Holbein Norbert Wolf 2017 Renaissance presenceHans Holbein the Younger, portraitist extraordinaire Religion, Renaissance, and Reformationmdash;these three ideologies shaped the world of 16th-century portraitist Hans Holbein the Younger (1497/98ndash;1543), a pivotal figure of the Northern Renaissance, whose skills took him to Switzerland, Belgium, Italy, and England, and garnered patrons and subjects as prestigious as Henry VIII, Thomas More, Anne of Cleves, and Reformation advocate Thomas Cromwell. While he started out with, and maintained, a repertoire of religious works, Holbein is regarded above all as one of the greatest portraitists in Western art history. His probing eye was matched with a draftsman mastery of line and an almost supernatural ability to control details, from the

textures of luxurious clothing to the ornament of a room. He combined this meticulous mimesis with an inspired amalgam of regional painterly traits, combining Flemish-style realism, late medieval German composition, and Italian formal grandeur to astonishing effect. During his time in England, Holbein became official court painter to Henry VIII, producing both reformist propaganda and royalist paintings to bolster Henry's status as monarch and as the new Supreme Head of the Church following the English Reformation. His portrait of Henry from 1537 is regarded not only as a portraiture pinnacle but also as an iconic record of this transformative monarch and the Tudor dynasty. Through this turbulent period, Holbein also produced anticlerical woodcuts, and sketched and painted Lutheran merchants, visiting ambassadors, and Henry's notorious succession of wives. In this Basic Art introduction, we survey some of Holbein's key works from his illustrious and international career. Along the way, we discover a period as ripe with artistic innovation as with courtly drama and radical religious change, and an artist who made as much of a historical mark as the subjects he painted. Norbert Wolf graduated in art history, linguistics, and medieval studies at the Universities of Regensburg and Munich, and earned his PhD in 1983. He held visiting professorships in Marburg, Frankfurt, Leipzig, Duuml;sseldorf, Nuremberg-Erlangen, and Innsbruck. His extensive writings on art history include many TASCHEN titles, such as Diego Velaacute;zquez, Ernst Ludwig Kirchner, Caspar David Friedrich, Expressionism, Romanesque, Landscape Painting, and Symbolism.

The Gardner Heist Ulrich Boser 2009-10-06 "Boser cracks the cold case of the art world's greatest unsolved mystery."— Vanity Fair One museum, two thieves, and the Boston underworld: the riveting story of the 1990 Gardner Museum robbery, the largest unsolved art theft in history. Perfect for fans of the Netflix series This is a Robbery: The World's Biggest Art Heist! Shortly after midnight on March 18, 1990, two men broke into the Isabella Stewart Gardner Museum in Boston and committed the largest art heist in history. They stole a dozen masterpieces, including one Vermeer, three Rembrandts, and five

Degas. But after thousands of leads, hundreds of interviews, and a \$5 million reward, not a single painting has been recovered. Worth as much as \$500 million, the missing masterpieces have become the Holy Grail of the art world and their theft one of the nation's most extraordinary unsolved mysteries. Art detective Harold Smith worked the theft for years, and after his death, reporter Ulrich Boser decided to pick up where he left off. Traveling deep into the art underworld, Boser explores Smith's unfinished leads and comes across a remarkable cast of characters, including a brilliant rock 'n' roll art thief and a golden-boy gangster who professes his innocence in rhyming verse. A tale of art and greed, of obsession and loss, *The Gardner Heist* is as compelling as the stolen masterpieces themselves.

Reading Art: Art for Book Lovers David Trigg 2018-06-01 A celebration of artworks featuring books and readers from throughout history, for the delight of art lovers and bibliophiles As every book tells a story, every book in art is part of an intriguing, engaging, and relatable image. Books are depicted as indicators of intellect in portraits, as symbols of piety in religious paintings, as subjects in still lifes, and as the raw material for contemporary installations. Reading Art spotlights artworks from museums and collections around the globe, creating a gorgeous, inspiring homage to both the written word and to its pivotal role in the visual world.

Correggio and Parmigianino David Ekserdjian 2016 The exhibition aims to allow visitors to avail themselves of a selection of masterpieces from some of the world's leading museums to compare and contrast the artistic careers of two of the greatest luminaries of the Italian Renaissance -- Antonio Allegri known as Correggio (1489-1534) and Francesco Mazzola known as Parmigianino (1503-40). The formidable talent of these two artists alone placed the city of Parma in the early 16th century on an equal footing with the peninsula's other great art capitals, Rome, Florence and Venice. Correggio only travelled to Parma when he was already at the height of his career, in the late 1510s, but he was to remain in the city for the rest of his life. Some twenty of his paintings, covering his entire career, have been selected to underscore the extraordinary emotive force and

expressive range that the artist put not only into his religious works but also into his mythological paintings, which were to have such a huge impact on later artists, ranging from the Carracci brothers to Watteau and even to Picasso. The exhibition 'Correggio e Parmigianino. Arte a Parma nel Ciquecento' ('Correggio and Parmigianino. Art in Parma during the 16th century') hosts such unquestioned masterpieces as the Barrymore Madonna from the National Gallery of Art in Washington, the Portrait of a Lady from the State Hermitage Museum in St. Petersburg, the Martyrdom of Four Saints from the Galleria Nazionale in Parma, the Noli Me Tangere from the Museo del Prado in Madrid, the School of Love from the National Gallery in London and the Danaë from Rome's Galleria Borghese. Exhibition: Scuderie del Quirinale, Rome, Italy (12.03.-26.06.2016).

Body of Art Phaidon Editors 2015-10-12 The first book to celebrate the beautiful and provocative ways artists have represented, scrutinized and utilized the body over centuries. Body of Art is the first book to explore the various ways the human body has been both an inspiration and a medium for artists over hundreds of thousands of years. Unprecedented in its scope, it examines the many different manifestations of the body in art, from Anthony Gormley and Maya Lin sculptures to eight-armed Hindu gods and ancient Greek reliefs,

from feminist graphics and Warhol's empty electric chair to the blue-tinted complexion of Singer Sargent's Madame X. It is the most expansive examination of the human body in art, spanning western and non-western, ancient to contemporary, representative to abstract and conceptual. Over 400 artists are featured in chapters that explore identity, beauty, religion, absent body, sex and gender, power, body's limits, abject body and bodies & space. Works range from 11,000 BC hand stencils in Argentine caves to videos and performances by contemporary artists such as Marina Abramovic, Joan Jonas and Bruce Nauman. Its fresh, accessible and dynamic voice brings to life the thrilling diversity of both classical and contemporary art through the prism of the body. More than simply a book of representations, this is an original and thought provoking look at the human body across time, cultures and media.

Codices Illustres Ingo F. Walther 2018 These paradigms of miniature painting from the fourth century to 1600 are worth many millions and typically tucked away in private collections or closely guarded archives--until now. Discover some of the most beautiful and important manuscripts from the Middle Ages in this collection of brilliant large-format reproductions, complete with a 36-page appendix detailing artist biographies, an index, and a glossary.

Looptail Bruce Poon Tip 2013-09-24 Can a company be cool, socially responsible ... and still make money? Welcome to the looptail. This is the extraordinary true story of Bruce Poon Tip and how, with nothing more than two credit cards and a burning desire to create an authentic, sustainable travel experience like nothing the world had ever seen, he created G Adventures, the world's most successful adventure travel company. G Adventures operates in more than 100 countries, on all seven continents, serves more than 100,000 customers every year - and is now a significant player in Australia. In this unique first-person account, Poon Tip reveals his unusual management secrets that allowed him to keep growing his company, his employees fully engaged and energised, and his customers extremely happy. This is a singularly stunning story of why community, culture and karma matter in business, and how one man's desire to do the right thing and generate profits can be blended

into a win-win for all involved. In this special Australian edition, Bruce Poon Tip writes about the unique experiences and lessons learned which have fuelled the growth of his Australian business, and also about how Australia really could be better at presenting itself to the world's travellers. www.gadventures.com.au

Lorenzo Lotto Peter Humfrey 1997-01-01 This study of the Venetian artist Lorenzo Lotto draws on the large body of work by the artist, as well as on the 16th-century documentation on the artist's life, including letters, an account book for the years 1538-56, and will. The Complaint of Peace Desiderius Erasmus 2004-01-01 Desiderius Erasmus was one of the greatest scholars of all time. He lived at the time of the Renaissance, in the late 15th to early 16th centuries, a

period of profound change, and a time when every European nation managed to go to war with another European nation. "The Complaint of Peace" grew from his reaction to his warlike times. His desire for peace permeates his work. Now, 500 years later, Peace's words still retain their relevance.
