The Creeds of Christendom Philip Schaff 2007-11-01 Philip Schaff's The Creeds of Christendom is a massive set, originally published in three volumes and here reproduced across five volumes, cataloging and explaining the many different creeds from the myriad Christian denominations. The differences in belief between Calvinists, Lutherans, and Presbyterians, for example, can often be subtle, so a thorough examination of the particulars as well as an

explanation for how those different beliefs result in a different worldview is necessary. Volume One: Part II covers: . the Catechism of Geneva AD 1546 and 1541 . the Reformed Confessions of France and Netherlands . the Reformed Confessions of Germany . the Reformed Confessions of Bohemia, Poland, and Hungary . the Anglican Articles of Religion . the Presbyterian Confessions of Scotland . the Westminster Standards . the Creeds of Modern Evangelical Denominations. (See Volume One: Part I for the Table of Contents for this volume.) Swiss theologian PHILIP SCHAFF (1819-1893) was educated in Germany and eventually came to the United States to teach at the German Reformed Theological Seminary in Pennsylvania. He wrote a number of books and hymnals for children, including History of the Christian Church and The Creeds of the Evangelical Protestant Churches.

Systematic Theology, Volume One Morton H. Smith 2019-09-10 Dr. Smith's Systematic Theology is the culmination of several decades of teaching and demonstrates his familiarity with several streams of Reformed theology represented by such theologians as John Calvin, James Henley Thornwell, Charles Hodge, B.B. Warfield, Herman Bavinck, John Murray, and Cornelius Van Til. It was his delight to expose his students to the breadth of the

Reformed tradition, while celebrating its essential unity, its thorough grounding in Scripture, and its consistent focus on piety.

Reformed Systematic Theology, Volume 2 Joel Beeke 2020-11-16 The aim of systematic theology is to engage not only the head but also the heart and hands. Only recently has the church compartmentalized these aspects of life—separating the academic discipline of theology from the spiritual disciplines of faith and obedience. This multivolume work brings together rigorous historical and theological scholarship with spiritual disciplines and practical insights—characterized by a simple, accessible, comprehensive, Reformed, and experiential approach. In this volume, Joel R. Beeke and Paul M. Smalley shift from the doctrine of God (theology proper) to the doctrine of humanity (anthropology) and the doctrine of Christ (Christology). This extensive reformed theology explores the Bible's teaching about who we are and why we were created, as well as who Jesus is and why his divinity is essential to the Christian faith.

Listening to the Neighbor Byungohk Lee 2015-05-12 The Trinity can be understood as a social community with members speaking and listening to one another in love, or, as Luther understood the Trinity, as conversation, then God's mission essentially involves in mission-in-dialogue. Byungohk Lee

contends the church has to embrace the dialogical dimension in missional terms because the triune God is the subject of mission. The missional church conversation has taken it for granted that local churches should speak and listen to their neighbors. In contrast, for many churches in Asia, including Korea, mission has generally tended to be practiced in a monological, rather than dialogical, manner. The neighbor has not been regarded as a conversational partner of the church, but only as the object for its mission. In *Listening to the Neighbor* Lee shows that some local churches have participated in God's mission by listening to their neighbors. He argues that listening is not a technique, but a multifaceted learning process in missional terms. The church must nurture its hearts, eyes, and ears in order to listen to the sigh of its neighbors.

Preaching and Teaching the Psalms James Luther Mays 2006-01-01

Renowned and beloved Psalms scholar James Luther Mays shares in this book some of his most influential ideas about the Psalms and shows the reader how this rich Old Testament poetry can be taught and preached in the church. The book's editors, Patrick Miller and Gene Tucker, have carefully brought together Mays's best insights into the meaning of the Psalms and

shown us in his sermons how a master with a love for the church handles these beautiful texts.

Documents of the English Reformation Gerald Bray 2019-01-01 The Reformation era has long been seen as crucial in developing the institutions and society of the English-speaking peoples, and study of the Tudor and Stuart era is at the heart of most courses in English history. The influence of

the Book of Common Prayer and the King James version of the Bible created the modern English language, but there has been no collection of contemporary documents available to show how the momentous social and political changes took place. Gerald Bray's comprehensive collection covers the period from 1526 to 1700. The book contains many texts previously relatively inaccessible, along with others more widely known. The book also provides informative appendixes, including comparative tables of the different articles and confessions, showing their mutual relationships and dependence. Containing fifty-eight documents covering all the main Statutes, Injunctions and Orders, Prefaces to prayer books, Biblical translations and other relevant texts, Documents of the English Reformation is an invaluable resource for students, and a useful aide memoire for scholars in Theology, the English Church, and late medieval and early modern English history.

The Cross Douglas Vickers 2010-04-02 A question has challenged the human conscience for two thousand years: "How are we to explain the presence of Jesus Christ in this world?" Or who, indeed, was Jesus Christ? A man like the rest of men? Or was he a divine Person? Why was it that well-practiced

soldiers who failed to fulfill their commission to arrest him said: "Never man spoke like this man?" The early church confirmed the apostles' declaration that Jesus Christ was the eternal Son of God and that he came into the world to fulfill a messianic-redemptive assignment. "Christ Jesus," the apostle to the Gentiles explained, "came into the world to save sinners." In *The Cross: Its Meaning and Message in a Postmodern World*, Douglas Vickers sees the cross as the watershed of history. The divine objectives that the cross addressed bear vitally on the human condition, vitiated as that is by the entailment of sin. In an age in which postmodernist claims have rejected absolute criteria of truth and validity, the Christ of the cross provides the only refuge for those burdened by the search for meaning. The Cross explores the way of reconciliation between God and man. It affirms the apostolic claim that "In [Christ] are hid all the treasures of wisdom and knowledge."

The Westminster Shorter Catechism G. I. Williamson 2003-01-01 This work replaces the former *The Shorter Catechism: For Study Classes*, vols. 1 & 2. *The Westminster Larger Catechism* Johannes Geerhardus Vos 2002 J. G. Vos wrote a series of studies of the Larger Catechism that first appeared in *Blue Banner Faith and Life* (1946-49) and has never circulated widely. G. I.

Williamson has edited Vos's commentary, and P&R is publishing it in book form for the first time. Because the Larger Catechism supplements the Shorter Catechism on such topics as the church and the means of grace, Presbyterians dare not ignore it. This edition of J. G. Vos's commentary will encourage a recommitment to the Larger Catechism's increased use and study.

The Digital Puritan - Vol.V, No.2 Hugh Binning 2015-10-29 The Digital Puritan is a biannual digest of carefully selected Puritan works, providing a steady diet of sound Puritan teaching. The language has been gently modernised to

render it more readable, while still retaining much of the flavour and character of the original text. Hundreds of helpful notes and Scripture references (in the English Standard Version®) are included as end-notes; no internet connection is needed. The following articles appear in this autumn/winter 2015 special edition, "The Word of God":

1. The Authority and Utility of the Scriptures – Hugh Binning. The necessity of learning and practising what the Bible teaches is shown from 2 Timothy 3:16-17.
2. The Duty of Searching the Scriptures – George Whitefield. In which Whitefield illustrates the two great messages of the Scripture (our fallen nature and the grace of God) and gives directions on how to make time spent in Scripture most profitable. Based on John 5:39.
3. The Great Worth of Scripture Knowledge – Francis Roberts. Roberts gives seven helpful directions on how to better read and understand the Word of God.
4. How the Word is to be Read and Heard – Thomas Boston. From Luke 8:18 ("Take heed therefore how ye hear"), Boston teaches how to prepare our hearts for receiving the Word, and how to apply it to our daily lives.
5. How We May Read the Scriptures with Most Spiritual Profit – Thomas Watson. Watson's own collection of twenty-four directions on how to read the Scripture for greatest benefit.
6. The Puritan Practice of Meditation – Drs. Joel R. Beeke

and Mark Jones. To read the Scripture is not enough; it must permeate the mind and affect the heart. The authors show how the Puritans used meditation this effect.
